Practices: Human & Legal Perspective on Working with Transgender

Employees Wednesday, September 19th 7:30 - 8:00: Registration & Networking 8:00 - 10:00:

Program Location: Landsman Development Corporation, 3 Townline Circle, Rochester NY 14623

Presented by the GVC SHRM Diversity Advisory Council This program has been pre-approved for 2 Professional Development Credits

(PDCs) by the Society for Human Resource Management and 2 HR (General) credits

by the HR Certification Institute. Economic, political and social issues polarize our country and

communities. This is particularly true as our nation endures yet another wave of incivility in the current harassment and #me too situations that are at the forefront of our news feeds. For HR professionals, it poses

a particular challenge: how do we create a strategy to stay in compliance while working to create a fair and

harassment free work environment in the future? This is especially true in for our Transgender employees.

How do we provide the right work environment for their current and future needs? Milo Primeaux, Esq. has

a unique perspective on this topic. His experience and success in championing the rights of the LGBTQ

community is extensive, and his perspective and ability to bring the issues into context for HR professionals

is invaluable. Unlike other facilitator led presentations, Milo Primeaux provides depth beyond just the

reflections of an outsider. He has been intimately involved in this issue for many years, and will provide an

engaging, insightful and actionable look at this important workplace issue. By the end of this session,

participants will be able to: • Provide real life examples and strategies to create a positive work environment

for Transgender employees. • Describe the intersectionality of Transgender lives in the context of HR and

legal perspectives • Describe a common language for the ever-changing LGBTQ+ community • Coach and

mentor others in these key areas. PRICING: GVC SHRM Member: \$30 Non Members: \$40
